Professional Summary

I am a motivated Information Technology student with a growing foundation in software development, database design, networking, and cybersecurity. Passionate about database systems, web developing, and developing practical technology solutions through academic projects and continuous learning. I am eager to apply my technical skills, expand my knowledge, and contribute to innovative and secure software solutions.

Education

Bachelor of Science in Information Technology

North-West University

2024 – Present

Technical Skills

Programming Languages: Python, JavaScript, SQL, C#

Web Technologies: HTML5, CSS3, JavaScript

Databases: MySQL, Oracle

Tools: Git, GitHub, Visual Studio Code, Microsoft Office

Operating Systems: Windows

Certifications

- Introduction to Cybersecurity — simplilearn|SkillUp
- Cybersecurity Essentials — Simplelearn|SkillUp

Projects

Personal Portfolio Website

- Designed and developed a responsive personal portfolio website.
- Showcases skills, projects, certifications, and contact details.
- Built using HTML, CSS, JavaScript, and GitHub.

Bakery Management Database System

- Designed a relational database with ER diagrams.
- Created SQL queries for data retrieval and reporting.
- Implemented normalization and database constraints.

Experience

Academic Projects

2024 – Present

- Developed software solutions as part of university coursework.
- Participated in group-based software engineering projects.
- Applied Agile collaboration practices and Git version control.

Soft Skills

- Problem Solving
- Teamwork
- Communication
- Leadership
- Adaptability
- Time Management
- Critical Thinking
- Attention to Detail

Languages

- English
- isiXhosa
- isiZulu

Interests

- System Development
- Database Design and Developer
- Cybersecurity
- Web Development
